How can I see occupancy or badge reports in an area using anti-passback?

How can I see occupancy or badge reports in an area using anti-passback?

Procedure Steps

To view the report in **Alarm Monitoring**, right-click on the area in the system tree pane and select **Occupancy Report**.

This will display all of the cardholders that are in this specific area. You can select a specific cardholder and move this cardholder to a different area.

> ***Note:*** This report is only available when using global anti-passback.
> ***Note:*** The Occupancy Report does not update in real-time, it has a refresh interval.

Applies To

OnGuard (All versions)
