Low Battery and Tamper Reporting for Schlage Wireless Locks

Problem Overview

Low Battery and Tamper Reporting for Schlage Wireless Locks (OG-18069)

Detailed Description

To enable low battery and tamper reporting for Schlage wireless locks, the **Keypad Type** on the reader tab must be set to **LNL-2020 w/ Tamper**. This setting can also be used with the Schlage WRI wireless reader interface, but this will disable keypad support.

Applies To

OnGuard 2008 (6.0.148)
OnGuard 2008 Plus (6.1.222)
