Double Video on Alarm May Not Be Displayed in Pairs

Last Modified on 02/08/2022 9:03 am EST

Problem Overview

Double Video on Alarm May Not Be Displayed in Pairs

Detailed Description

The default behavior with this feature is to launch recorded and live video in matrix mode. Additional configuration may be necessary if multiple cameras are linked in a video event to display each camera channel as a pair of video cells (recorded and live). For more information, refer to the Digital Video Software User Guide.

Applies To

OnGuard 2010 (6.4.500)

Additional Information

None
