## Question

I cannot find a shortcut to the Security Utility. Where is it located?

## Answer

If the Security Utility is not found in the OnGuard program group in the Start Menu, launch it manually from the following location:

**Program Files\Common Files\Lenel\LnISP2Utility.exe**

or in later versions

**"C:\Program Files (x86)\Common Files\Lenel\LnIcmn.Security.App.exe"**

## Applies To

OnGuard (All versions)

## Additional Information

None
