

Flexnet phone activation hangs with a "Please Wait" message

Last Modified on 05/20/2025 10:04 am EDT

Symptom

When trying to activate a Flexnet license by phone in License Administration, the screen hangs after clicking [Activate by Phone] and **Please Wait** shows.

Resolution

1. Restart the LS License Server.
2. Reopen License Administration and attempt to reactivate the license by phone. The activation should be successful.

Applies To

OnGuard (All versions)
