

Database setup fails with the error " This Sql Transaction has completed; it is no longer usable."

Last Modified on 05/19/2025 9:59 am EDT

Symptom

Database Setup fails with error *This Sql Transaction has completed; it is no longer usable*.

Resolution

The Lenel login in SQL does not have *serveradmin* rights. Grant *serveradmin* rights to the Lenel login, and then run Database Setup again.

Applies To

OnGuard (All versions)
SQL Server (All versions)
