

# Replication Schedule displays 'Unknown'

Last Modified on 04/11/2025 11:40 am EDT

## Symptom

When running an action from Replication Schedule, the status displays **Unknown**. After clicking [Refresh all], status remains **Unknown**.

## Resolution

Look at the Replication Status for the percentage displaying accurately. To get to the Replication Status, click [Replication Status] under Available Views in Replication Administration.

## Applies To

Onguard (All versions)

## Additional Information
