

Cannot open Region's Replication Admin, message "A User must be all segment user."

Last Modified on 01/10/2022 4:08 pm EST

Symptom

When attempting to open Replication Administration in a region, the following message appears:

"A User must be all segment user."

Resolution

When logging into Replication Administration in a region, the user must be an All Segment Master user.

Applies To

OnGuard (All versions)
