

# Error when starting the License Server Service

Last Modified on 02/04/2022 10:37 am EST

## Symptom

When attempting to start the LS License Server Service, the following message appears:

"Either the lock has been tampered with or it does not have permission to be created".

## Resolution

Change **UAC** to **Never Notify**.

## Applies To

OnGuard (All versions)

## Additional Information
