

# Error logging into SkyPoint: "Error retrieving token"

Last Modified on 12/10/2021 1:14 pm EST

## Symptom

The following error may be encountered when logging into the SkyPoint application.

"Error retrieving token."

## Resolution

To resolve the issue, ensure the ImageServer has an appropriate limit on the number of users.

If needed, increase the limit of users and attempt to log in again.

## Applies To

SkyPoint

## Additional Information

None
