

How to connect Brother Printer model QL-720NW to Visitor Self Service

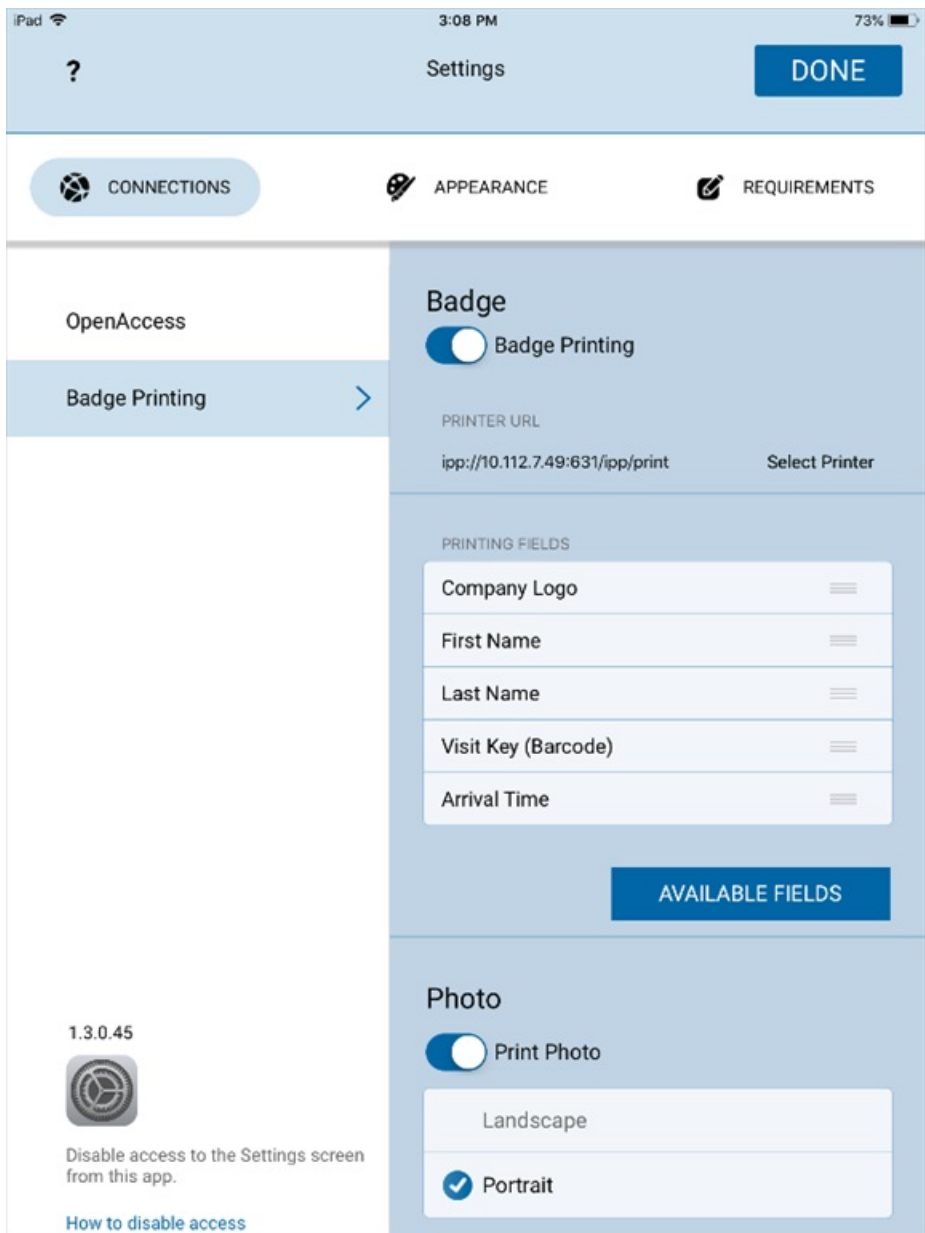

Last Modified on 03/05/2024 10:08 am EST

Procedure Steps

1. Connect the Brother printer to a networked computer using the USB port.
2. Configure the Brother printer:
 - a. Brother Printer Setting Tool
 - b. Communication Settings
 - c. Wired LAN:
 1. IP Address:
 - Boot Method: Static
 - IP Address: 10.112.7.49
 - Subnet Mask: 255.255.255.224
 - Gateway: 10.112.7.33
 2. DNS Server:
 - Primary DNS Server IP Address: 159.82.80.7
 - Secondary DNS Server IP Address: 159.82.216.178
3. Click [Apply].
For example:

4. Disconnect the printer from the computer's USB port and make sure the WiFi printer setting is OFF.
5. Confirm that the Brother printer is on the network.
 - a. Type the IP address into an Internet browser using a network-connected device.
 - b. Connect an iPad with VSS installed to the network via WiFi.
 - c. Open the VSS application on the iPad.
 - d. Tap on the printer URL (**Connections > Badge Printing > Printer URL**).
 - e. Enter **ipp://IPADDRESS:631/ipp/print**
For example:
