

Could not load type 'Lenel.Security.Unmanaged.Cryptography.CryptoAlgorithmIdM from assembly 'Lenel.Security.Unmanaged following an upgrade to OnGuard 8.1

Last Modified on 10/28/2024 11:51 am EDT

Symptom

Setup Assistant or Database Setup does not complete in OnGuard 8.1. LnlLogVerbose shows the error:

Could not load type 'Lenel.Security.Unmanaged.Cryptography.CryptoAlgorithmIdManaged' from assembly 'Lenel.Security.Unmanaged

Resolution

1. Navigate to C:\Windows\Microsoft.NET\assembly\GAC_32
2. Remove all of the following:
 - Lenel.Security*
 - Lenel.Cryptography*
 - Lenel.CryptographyProvider*
 - Lenel.Security.Unmanaged*
3. Re-run Setup Assistant or Database Setup and confirm the errors are no longer present.

Applies To

OnGuard 8.1

Additional Information

None
