How to access NetBox ecosystem documentation

Last Modified on 11/20/2025 9:08 am EST

Any NetBox ecosystem documentation can be downloaded from Honeywell's MyBuildings website.

You have two options for finding documents related to the NetBox ecosystem:

First, you can browse and use the Search feature in the document library to find the relevant documentation.

1. Go to https://buildings.honeywell.com/us/en and select **Sign In > Sign in to MyBuildings**.

To locate the NetBox documentation:

2.	Navigate to Support > Document Center .
3.	Click Brand and then select LenelS2 .

4. In the **Product Family** filter, select **NetBox**.

6.	Select additional filters such as Product Category , Publication Type , and Release Date . In the Search box, enter the term you wish to search for, and then click the magnifying glass icon to search. Revise your search contents and/or filter to locate the document you need.
МуВ	ond, to reach product-specific pages, navigate ot the NetBox product page on the Honeywell uildings website at https://buildings.honeywell.com/us/en/brands/our-brands/lenels2/security-ucts/netbox.
chos	osing a product type will bring you to a page or series of pages dedicated to whatever product you e. Those pages will have links to the related documentation, or lead you to documentation ific pages for that product.
	u need help locating specific documentation, please contact Technical Support by ag +1.866.788.5095 or emailing support.lenels2@honeywell.com.
